- Complete the installation instructions
- After rebooting your system, go to the Start Menu and find the popHealth folder. There will be two items in the folder. One is a shortcut to the popHealth login on your web browser.
- Click on the popHealth icon
- Click on the “Create new account” hyperlink

The image shows a web interface for 'popHealth code'. At the top, the text 'popHealth[®] code' is displayed in a large, black, sans-serif font. Below this, there are two input fields: 'Username' and 'Password', each with a light gray border and a small placeholder text. To the right of the 'Password' field is a blue button with the word 'LOGIN' in white capital letters. Below the input fields, a red error message reads 'You need to sign in or sign up before continuing.' At the bottom left, the text 'Create new account' is highlighted with a red oval, and below it is a blue link 'Forgot your password?'. At the bottom right, the version 'popHealth v1.4.0' is shown, and at the very bottom, the text 'Office of the National Coordinator for Health Information Technology | MITRE' is displayed in a small, blue font.
